COLLECTIVE

THE NEXT EVOLUTION OF OUR FAMILY OF COMPANIES.

We are a collective of companies focused on development, acquisition and property management.

In the spirit of one of author Alexander Dumas' most enduring characters, Edmond Dantes and Abbe Faria, we trust that when you work with us, you'll find that we are unabashed dreamers and precise doers. We help you make sense of your real estate development and management problems; we creatively map-out solutions out of seemingly unconquerable odds; we gravitate towards complex deals most development firms would turn down. We specialize in making the impossible possible. We used this inspiration to name our new parent company.

*“How did I escape? With difficulty.
How did I plan this moment? With pleasure.”*

ADVISORY SERVICES

Dantes Partners prides itself on using a myriad of financing sources to creatively determine the highest and best use for a site be it for repositioning, rehabilitation, or infill development. Dantes pursues housing and mixed-use projects in emerging or transitional neighborhoods with favorable economic and demographic trends. Dantes embarks on real estate projects individually or through joint ventures. In all cases, Dantes looks to maximize utilization and maximize profitability.

Luxury Workforce and Affordable Housing Financing

Our team has extensive experience in analyzing and structuring financing for mixed-income residential projects with significant affordable housing requirements. We have found creative financing solutions for projects in the form of tax credits (historic, low-income housing, new markets and renewable energy investment), the creation of public-private joint ventures, and other approaches. Similarly, our team will exhaust all efforts to identify alternative financing sources as well as aim to minimize financing costs and risks to our clients.

Pro Forma Analyses and Modeling

In analyzing project financial feasibility, our team will measure the viability of the development options proposed. Our team has developed many dynamic, adaptable models in the past and maintains the capability to prepare our own customized models as a basis for negotiations. We will consider multiple financing, ownership, and transaction structures to determine the scenarios that are most advantageous given the existing market conditions.

Transaction Services

Our team has substantial experience representing the interests of landlords/tenants, buyers/sellers, borrowers/lenders, and we seek to leverage our experience in these areas for the benefit of our clients.

REAL ESTATE DEVELOPMENT MANAGEMENT SERVICES
